TWO STATES PAY TRIBUTE TO
MEMORY OF DEAD STATESMAN

The obsequies attending the burial of the late Senator James Wesley Stewart, conducted at Bridgeport, Calif., the old family home, drew a representation from every section of western and eastern Nevada and eastern California, comprising the leading citizens from Bodie, Sweetwater, Mono Lake, Green Creek, Hawthorne, Wellington, Carson City, and Tonopah. The body was brought from Carson City in a motor hearse and taken to the family home whence it was removed to the residence of Judge Pat R. Parker, a brother-in-law, where the citizens of Bridgeport and surrounding country flocked to pay their respects to the memory of the deceased who always took a kindly interest in the affairs of his rural neighbors.

The burial exercises were held Sunday afternoon at 3 o'clock under the auspices of the Masonic lodge of Bridgeport, which was represented by Robert Sawyer, worshipful master, who acted as master of ceremonies. The parlors were banked with floral tributes coming from every part of the United States and including a lovely design from Tonopah B. P. O. E. and the Tonopah Masonic bodies. A great many of the emblems and offerings came from San Francisco where they had been sent from various parts of Nevada and California when the first funeral arrangements were announced. The beautiful display excited the admiration of friends and mourners and at the conclusion of the exercises in San Francisco, they were taken in charge by J. Grant Crumley and crated for shipment with the body to its place of burial. Charles L. Hayes, district attorney of Mono county, delivered the eulogy over the remains from the standpoint of a personal friend, a neighbor and an associate who was familiar with conditions in southern Nevada. He said:

"My Friends, Fellow Citizens—

"Once again we are assembled to pay a last tribute of respect to the life, character and memory of one of our Bridgeport boys.

"James Wesley Stewart was born at Bridgeport, Mono county, California, on the 15th day of October, 1875, and died at San Francisco, California, on the 6th day of January, 1919, being at the time of his death a few months over 43 years of age.

"It was and has been my privilege to know Wesley Stewart when he was a mere boy, and it has been with great pleasure and satisfaction that I have watched his steady advancement from a youth attending the Bridgeport schools to his final graduation with honor and distinction at that greatest of all schools, the school of experience.

"Being an only son, he was idolized by his parents and his sisters and it is needless to say that his love and devotion were fully reciprocated on the part of Wesley—in fact, he was a general favorite with all who knew him as a boy and as a man.

"In 1898 he was married to Oline Johnson, a union which has proved to be most happy and congenial. About the year 1901 Mr. and Mrs. Stewart took up their residence in Luning, Nevada, where they lived for two or three years, when they moved to Tonopah to become two of the pioneers of that famous mining camp.

"It is a well established fact that the lure of gold will attract to a rich mine almost the best, the shrewdest and the ablest of men among all trades, professions or callings and from all parts of the world.

"Tonopah was no exception to this general rule, and it was with this class of men that he was put in open competition; his character and ability were put to the test, and he was not found wanting.

MRS. J. W. STEWART
FORMALLY NOMINATED

Mrs. J. Wesley Stewart, widow of the late senator, has been placed in nomination for the office left vacant by death. The action was taken this afternoon by Justice Harry R. Grier, acting as chairman of the Republican county central committee, who appeared at the office the clerk of Nye county with a copy of the resolution declaring the nomination of Mrs. Stewart. This action was taken after conferring with William Forgan, chairman of the Democratic county central committee who said his committee would ratify the nomination. Reports of injunction proceedings to restrain the county clerk from carrying out the constitutional provision providing for an election were laughed at as untenable as it was held that no judge would entertain a restraining order in direct conflict with the constitution.

The action of Chairman Grier had been decided upon and only awaited a final acceptance from the candidate. This was received this afternoon in the following message:

San Francisco, Cal., Jan. 14.

W. W. Booth, Tonopah, Nev.

Inasmuch as my friends feel that the interests of Nye county can best be served by my carrying forward my husband's work in the state senate, I am willing to accept the nomination tendered me on the Fusion ticket and, if elected, will do my utmost to serve well and faithfully.

MRS. WESLEY STEWART.
